

Remembering Our Middleborough Veterans

Several years ago, The Friends of Middleborough Cemeteries honored Civil War Veterans by documenting and cleaning the headstones of the 383 known veterans of the Civil War who are buried in Middleborough's 33 cemeteries. In 2023 we are beginning the task of documenting and cleaning the headstones of the known veterans of all the other wars who lie in Middleborough cemeteries. Below are some before and after pictures of the work done for the Civil War Veterans. If you have a military veteran buried in Central Cemetery, please let us know their name, where their stone is and any other information you may have and we will make sure that it is cleaned first.

As always, we welcome anyone who would like to learn how we document and clean headstones. If you are interested, just email

clerk@friendsofmiddleboroughcemeteries.org and we will let you know when and where.
